

(Effective January 1, 2010)

### Infertility Services

**Services pertaining to infertility are usually not a covered benefit under most insurance policies.** (Therefore, we ask our patients to be well acquainted with their benefits and coverage.) We request that these visits and expenses be paid as they are incurred. We will submit the expenses to your insurance company; if they make any payment, you will be reimbursed.

Following is a list of procedures that you may be considering:

Hysterosalpingogram	58340	\$ 1,180
(doesn't include hospital and radiology charges, which is approximately \$2,000)		
Diagnostic Laparoscopy	49320	\$ 2,366
Chromotubation	58350	\$ 549
Ovarian Drilling	58662	\$ 3,681

These fees are effective **January 1, 2010** and are subject to change. Please inquire about the fees at the time you are scheduling these procedures. Also it is important to note, that these are Women's Care charges only. In addition, there could be charges from an anesthesiologist as well as other related hospital costs, which can be considerable.

Expected costs for insemination procedures and follicle checks (each cycle, month) are to be paid at the time of service.

Ultrasound for follicle checks\* May require more than one- \$335.00 per visit (10% disc - \$301.50) (5% disc - \$318.25) (price effective 01/01/2010)

Insemination\* May require more than one- \$330.00 per visit (10% disc - \$297.00) (5% disc - \$313.50) (price effective 01/01/2010)

**\* There will be an additional charge of \$92 added to each service listed above for after hours and weekends (prices may be subject to change).**

There will be necessary lab work ordered through the course of your treatment. These charges will vary per individual and will be billed to you from the hospital lab.

Novarel® (10,000 units) with injection (obtained from pharmacy via direct mail) \$70.00 (Average cost)

Injection Charge \$71.00

### OTHER POSSIBLE EXPENSES:

*An additional office visit charge may be applied to some procedures.*

*Sperm washing and other related tests are done at the Andrology Lab at Theda Clark. The hospital will bill for these services.*

Clomid purchased at a pharmacy - \$25.00 - \$50.00 depending on dosage.
